

Hello - His name is Healer

Key Points

Know What:

- Today we are starting a new series on names of God in the Old Testament. This week we are looking at God being called 'Healer'.
- The Old Testament is the first part of the Bible which tells stories about God and his people before Jesus was born.
- After Moses led God's people out of Egypt they couldn't find any water. After 3 days they found water but it was too bitter to drink.
- Moses called out to God to help them and he told Moses to throw a tree into the water. When Moses did what he was told the water changed from being bitter to being sweet.
- God promised his people that he would be their healer and that he would look after them.

So What:

- In the Old Testament God is given different names because of what he does. His names tell us what he is like and what he is able to do.
- God is a healer. He is able to make bitter things better.

Now What:

- Let us trust God to do what he says. He is able to do anything for us.
- Let us ask God to heal us if we need it or to heal others who we know.

Exodus 15:22-27

²² Moses led the Israelites away from the Red Sea into the Desert of Shur. They traveled for three days in the desert but found no water.

²³ Then they came to Marah, where there was water, but they could not drink it because it was too bitter. (That is why the place was named Marah.) ²⁴ The people grumbled to Moses and asked, “What will we drink?”

²⁵ So Moses cried out to the LORD, and the LORD showed him a tree. When Moses threw the tree into the water, the water became good to drink.

There the LORD gave the people a rule and a law to live by, and there he tested their loyalty to him. ²⁶ He said, “You must obey the LORD your God and do what he says is right. If you obey all his commands and keep his rules, I will not bring on you any of the sicknesses I brought on the Egyptians. I am the LORD who heals you.”

²⁷ Then the people traveled to Elim, where there were twelve springs of water and seventy palm trees. So the people camped there near the water
